LEADright Learning Cruise

Black Educators: Leveraging Who We Are to
Teach and Lead for Equity

We will:

- ***Explore** the intersectionality of our Blackness with ethnicity, class, gender, and sexuality and how we leverage them for powerful leadership.
- ***Focus** on personal and professional growth in order to strengthen our leadership to improve the educational outcomes of the students we serve.
- ***Strategize** how to bring our full selves to our work by using the strengths of our intersected identities.
- ***Engage** with other Black educators (PK-12 and Higher Education) with a focus on building a supportive network.
- ***Create** a leadership growth and development plan.
